

FRANK GATES

2012 Ohio State Fund Workers' Compensation Seminar Series

Enroll in Frank Gates University Our Ohio State Fund Workers' Compensation Seminars!

Join us for these half-day educational sessions to stay informed about Ohio Bureau of Workers' Compensation (BWC) changes and total workers' compensation cost control recommendations from Frank Gates. The seminars will also include Safety, Occupational Risk Management and Managed Care discussions.

This year, we are again incorporating two hours of safety training to meet the BWC's two-hour safety requirement. The BWC Rule requires employers in the Group Rating or Group Retro Program who had a claim within the two preceding calendar years to attend two hours of safety training during the policy year. Only one employee needs to complete the requirement. BWC procedures only permit individuals to obtain 2 hour credit once per training session. If you represent more than one policy number, you must attend a separate session per policy.
